

Registered Pharmacy Technician (Full-Time)

Murphy's Pharmacies

Are We The Right Fit For You?

Are you passionate about helping others?

Do you enjoy making a positive difference in people's lives?

We certainly do.

We believe that work should be a place where you can have fun while doing something meaningful.

We're currently looking for like-minded team members to join our movement, which is to provide the very best care and service to our clients.

We've been redefining ourselves and working towards this ideal for over 40 years. And, as times change, we change with them. We don't claim to be perfect, but we try very hard to be there for our clients when they need us and to guide them through the changes in their lives.

But we can't do it alone. As healthcare becomes more complex, we continually need more like-minded people to join our team and serve our clients.

If this sounds like you, you may be a great fit for our team!

Why Join Us?

There are lots of great employers out there, and we believe that there is a right place for everyone.

We believe in lifelong learning. We've been out in front of, and welcomed, the major evolutions in the profession over the past 40 plus years. And we are excited about what's next.

We understand that your time at work is an important part of your life's journey, so we believe in providing ongoing training and opportunities for you to grow your skills and advance with us.

Taking care of those that provide care is important to us. As part of our benefits package, we provide annual fitness membership subsidy and access to mental health support and other counselling, should you ever need it.

We want you to be supported during your entire time with us and beyond, so we provide a competitive benefits package including health, dental and life insurance, drug coverage, and a pension plan that matches up to 4% of your contributions and grows over time.

Finally, we believe in partnering and supporting other locally owned businesses to build stronger communities so we've made arrangements with a few of them to provide you with discounts on things like home heating oil, restaurants and goods and services at local retailers.

How You'll Spend Your Time...

Like any role, there are, of course, some precise duties that will need to be performed and we'll tell you all about them.

But there are a few simple things that will determine your success on our team, and your enjoyment in your role.

Quite simply, treat your fellow team members as you would like to be treated.

Our most successful team members will always aim to do what is right, while keeping things simple and predictable. Our team members continuously look for opportunities to improve the clients' experience. It's what we believe in.

What You Will Bring To The Team

Our team is client focused and believes in a high level of attention to detail, professionalism and discretion. We also believe in lifelong learning and the ability to work under pressure. We value diverse backgrounds and what that brings to our team and we want to hear more about what makes you unique.

In addition to what makes you unique, there are a few basics that we require for this role:

1. Pharmacy technician license recognized in PEI or another Canadian Province

Your Role

While we all collaborate to provide services and hospitality to our team members and clients, we all play different roles to make this happen. You'll contribute by:

1. Collaborating with other team members to provide a timely healthcare service delivery and an exceptional client experience
2. Utilizing your full scope of practice including vaccine administration

Sound Interesting? Here's The Next Step...

If this sounds like you, and you are interested in learning more, we'd love to hear from you!

Please send your current resume to recruiting@murphyspharmacies.com or apply directly on our career site, [Registered Pharmacy Technician - Full Time at Murphy's Pharmacies](#)

In closing, thank you for taking the time to review this opportunity, and for considering us in your career journey. We wish you all the best and appreciate your interest in joining the Murphy's Pharmacies Team.
